

Features list 2012

QW is the UK's leading independent magazine on quality. It is the magazine of the Chartered Quality Institute, the only chartered professional body devoted entirely to quality. Distributed each month to 11,000 professionals, it reports on contemporary business issues and lists the latest jobs in quality.

January	The state of the quality profession
February	The Asia issue
March	ICT/IT
April	Innovation
May	Healthcare
June	Risk management and regulation
July	The Olympics issue
August	Battle of the quality gurus
September	Finance
October	Defence
November	Measurement and calibration
December	Space
